Halliday at Penn

halliday.xyz

About Us

Halliday is an Andreessen Horowitz-backed startup building the economic infrastructure of the metaverse. We're offering the first buy now, pay later service for blockchain game assets and NFTs, providing players a seamless way to secure ownership immediately and pay for their virtual items over time. If you're interested in blockchain, gaming, or finance, drop by one of our events this week!

Read more about us and our mission on our blog and TechCrunch
